NCCC ROSTER EDITION

The NCCC Awards Banquet is on Saturday March 16 - just days away! Have you made your reservations? If not, call George AB6YL ASAP (415-326-8120 Home). Reservations are a must.

Thinking ahead: NCCC Elections are in April! Yes, we will be having a meeting in April, and we would like to see you all there to select the next group of leaders. And just a reminder, Visalia is coming up in April too.

A short time ago, NV6O put out a message on the CQ-Contest contest reflector indicating that the VOA receiving site in Dixon was for sale. I pretty much ignored it, thinking that the 88 acre site with 4 rhombics, and a total of 17 towers of 60-100' tall would sell for - millions? But Al, AD6E, called me today seeing if I wanted to join a group that was going to bid for the property - and the existing bid was in the low 60k region. \$60,000 for 88 acres and 17 towers! So maybe some of the NCCC'ers will have a new station to play at in the near future. I wish Al luck in obtaining the site!

What I really wanted to point out is the determination of some hams to find unique ways of getting on the air. The above idea, while sounding extreme, could be a very economical way of getting a FB station in California, without upgrading/moving from your existing house. We recently saw KD6OU do something similar with his high tech remote station.

On the other hand, the old fashion way of getting on the air in a big way is to borrow the keys to someone else's station! I suspect that most big guns in the club would enjoy having some of the less experienced, and station-deprived, operate from their QTH. Now that we are at the bottom of the cycle, this is the time for training within our ranks. While the contest season is almost over, I know that there will still be some M/M operations in the near future. If you would like to see what goes on at a big gun M/M, give me a call and I will see what we can work out.

Hope to see you all at the Awards Banquet! Kenny WM2C

My First Contest was the CQP!

After I got my license I was looking through a drawer in our operating desk and I saw a couple of awards. I asked my dad what they were and he said that they were from contests and he told me what a contest was. My teacher was also a ham (a contester K8AQM) and I had seen that he had a lot of awards too. I wanted awards!!! In 1994 my teacher invited me over for the California QSO Party multi op. I really enjoyed that and from then on I was hooked. In the last year and a half, I have mostly operated from our station, low power, using an Icom 737A and Mosley PRO67B at 65 ft. and INVVEE for 80m (no 160). When my sister was thinking about getting her license I let her operate some of the 1995 California QSO Party as a multi op, she also enjoyed it. I think the best way to get other hams interested is to let them over and operate a contest from a big station as multi-op. But the best way to learn the skills is with low power and work for it.
